Summary of Course Requirements

51 credit hours required for MPP graduation (core courses listed above)

PUBPOL 890 (Problem Analysis for Ethical Dilemmas) required for graduation

*6 credit hours of Public Management and Leadership courses required for graduation (acceptable Sanford courses are listed each semester; selected courses offered at other graduate programs may be approved)

Economics Course Placement

Students don't take PUBPOL 810 (Microeconomics and Public Policy-Making) or 811 (Microeconomics Policy Applications) because classes are similar to PUBPOL 303 and PUBPOL 304. Instead students must take one advanced Economics course (from a list of approved courses) in one of the 4 semesters.

Concentrations

*9 credit hours of electives are required to fulfill policy concentrations (some policy concentrations require a foundations course which counts as 3 of the 9 credit hours required)
